SUMMARY

Istanbul-based designer who turns rough ideas into clean, bold visuals, from posters and flyers to short motion pieces. I have delivered work for a law-services firm, a fitness brand and a local cafe, and I pair a designer's eye with a software engineering student's structure and attention to detail.

SKILLS

Poster and flyer design · Brand visuals · Social media graphics · Layout and typography · Video editing · Colour grading · Motion graphics · Adobe Photoshop · Adobe Illustrator · Adobe After Effects · Figma · Canva · DaVinci Resolve · Fusion · HTML · CSS · JavaScript

EXPERIENCE

Freelance Graphic Designer and Video Editor

Present

Visura · Istanbul

- Design print and social-ready posters and flyers for small businesses, from first sketch to final export.
- Build consistent visual identities across a client's branches and campaigns.
- Publish and promote finished work on Instagram (@visura.ist) and Behance.
- Extend static design into video editing, colour grading and motion graphics.
